

*Rusty Rocker (Devil's Deal)*

*Hey listen to my story*

*so sad - I tried and failed*

*I aimed for fame, for glory*

*But now I'm poor and jailed*

*I played my harp and my guitar*

*tried metal, blues and rock*

*I wanted to become a star*

*and rock around the clock*

*Ten thousand hours in practice shed*

*just me, my ax and amp*

*I practiced 'til my fingers bled*

*- my concentration camp*

*But practice did not help me much*

*Got stuck at basic level*

*The only way to get the touch*

*was dealing with the Devil*

*The Crossroads was my Pilgrim's Goal*

*I met the Prince of Darkness*

*We made the deal: He took my soul*

*- and promised groove and sharpness*

*As you may guess the deal went sour*

*- I killed a man in Lisbon*

*Well, clearly I had lost my soul*

*- and body lost to prison*

*Hey listen to my story*

*so sad - I tried and failed*

*I aimed for fame, for glory*

*But now I'm poor and jailed*

*(Outro)*
